

COVID-19 Continuity Plans

In these challenging and uncertain times, MTC are carefully monitoring the ongoing developments of the COVID-19 Coronavirus epidemic, whilst working on a preparedness plan to promote employee wellbeing and business continuity.

Our operations remain unaffected, and business is running as usual.

That said, we are keeping our continuity plans under regular review during this period, with a focus on protecting the health and safety of our employees and maintaining continuity of service to our customers.

If you have any questions or concerns or wish to discuss any issues raised in this publication, please do not hesitate to get in touch.

Thank you for your continued support, and we hope you all stay healthy.
